E-Z FLOW FOAM™ FAST PACK

ON-DEMAND PROTECTIVE FOAM - NO EQUIPMENT REQUIRED

The Problem

Traditional void fill doesn't protect — it just fills space.

- Slow Pack times
- Bulky materials taking up space
- Inconsistent protection
- High shipping and damage costs

The E-Z Flow Solution

Just press, pack, and ship.

Fast Pack is a self-contained foam pouch system that activates instantly and expands around your product to create a custom protective cushion—every time.

No Equipment

No Maintenance

No Training

LET'S GET YOU SAMPLES

***We'll send you different sizes so you can test them
in your operation and see the impact immediately.***
